VOYAGER SERIES

Simplify brake maintenance with our Forward Self-Adjusting Brakes, engineered to self-adjust for optimal braking performance. This innovative system reduces downtime and ensures consistent stopping power.

FORWARD SELF-ADJUSTING BRAKES

Updated Monster Ramp design provides stability for wide loads without the need for a pair of rear stabilizer support jacks.

SELF-STABILIZING MONSTER RAMP & DOVETAIL (OPTIONAL)

The durability and ruggedness of a semi-truck fender is now available as an industry-first application for the trailer industry.

HAULGUARD FENDERS BY MINIMIZER

Features large area for full-size spare and tie-down gear for whatever is getting hauled, and includes a rugged locking handle.

MONSTER-SIZED TOOLBOX
